Episode 1320

Combine British beauty with American brawn and you end up with a 1974 Jensen Interceptor. Then Fred Sampson likes strapping himself into his 1969 Lotus Élan plus II and heading to the track. Later on, there's no question that the Volkswagen Bug is a cultural icon, so we take a look at one of these classics from its soft lines right down rear mounted engine. We wrap it up with some good old fashion American MOPAR Muscle – a '66 Plymouth Satellite.
